

SCIOTO URGENT CARE FINANCIAL POLICY

Scioto Urgent Care is committed to providing you with the best possible care. If you have insurance, we are anxious to help you receive your maximum allowable benefits. In order to achieve these goals, we need your assistance and your understanding of our payment policy.

Payment for services is due at the time services are rendered for self-pay patients. If you have insurance, and can provide us with a current insurance card, then the required co-pay would be what you are responsible for at the time of your visit. We will be happy to process any insurance claims for you and we accept insurance assignment with our in-network providers.

Ultimately, your insurance is a contract between you and your insurance carrier. We are not party to that contract. Any service that is not covered by your insurance company, for whatever reason, is your financial responsibility.

I hereby acknowledge that I have read this document and understand my financial responsibility for services provided for myself and other patients whose names I have provided to appear on my account with Scioto Urgent Care.
